

# Colloquium Series Fall 2024

Time & Location: 4pm, Stata Center, 32-123

SEP 10, 2024

**Nicole King** | University of California, Berkeley  
Choanoflagellates: introverted, or just repressed?  
*Host: Sebastian Lourido*

SEP 17, 2024

**Maria Jasin** | Memorial Sloan Kettering Cancer Center  
Genetic and genomic loss from chromosomal double-strand breaks  
*Host: Francisco J. Sanchez-Rivera.*

SEP 24, 2024

**Amy Gladfelter** | Duke University  
RNA sequence and structure in cytoplasmic patterning  
*Host: Lindsay Case*

OCT 1, 2024

**Eliezer Calo** | MIT  
*Host: Amy Keating*

OCT 8, 2024

**Edward Chouchani** | Harvard University  
Mechanisms of Metabolite Regulation of Protein Function  
*Host: Alison Ringel*

Learn, Discover, Innovate

# Colloquium Series Fall 2024

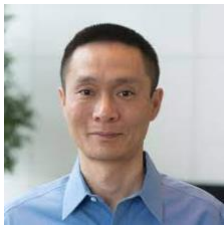

Time & Location: 4pm, Stata Center, 32-123

OCT 22, 2024 **Joey Davis** | MIT  
TBA  
*Host: Amy Keating*

NOV 12, 2024 **David Van Valen** | California Institute of Technology  
TBA  
*Host: Ankur Jain*

NOV 19, 2024 **Chuan He** | University of Chicago  
Chromatin regulation through RNA methylation  
*Host: Ankur Jain*

DEC 3, 2024 **Thijn Brummelkamp** | The Netherlands Cancer Institute  
Identifying alternative pathways for important cellular processes through genetics  
*Host: Francisco Sanchez-Rivera*
